## Measuring and Ordering Information

Complete order information section below using steps 1 through 3.

### STEP 1

**Canopy Model Numbers 4 through 8:** Using the chart provided, select the projection that best fits your needs. If mounting over an out swinging door use at least a model #7.

### STEP 2

**Canopy Width:** Measure outside width of door casing. Add at least 3" - 5" on each side for proper appearance (Be sure light fixtures are not in the way). Custom widths up to 96" in 1-inch increments.

**Canopy Mounting Space:** Measure from top of door (B) to determine available space for mounting. Canopy requires 13" of mounting space.

### STEP 3

**Color/Pattern Choice:** Select the fabric color that best complements your home. All canopy framework is in bronze finish. Both fabric number and fabric name are necessary for order processing.
